Dear Sir/Madam:

Enclosed please find the fourth supplement, dated November 15, 1988 to the 1986 Index to Non-Confidential Assessment Reports (Open File Report OF86-5). This supplement covers all reports of work which have been placed on open file during the period May 31, 1986 to November 15, 1988. It supersedes the previous three supplements dated May 15, 1987, November 15, 1987 and May 15, 1988, which may now be discarded.

As per the format of the Master Index, this supplement is divided into four parts:

Part A lists the reports of work arranged by NTS area.

Part B indicates the reports on the basis of company name.

Part C lists the reports by claim name or number.

Part D lists the reports by accession number and provides a brief summary of the content of each report.

Yours sincerely,

B. Esposito
Assessment Geologist
